

Welcome from Our President

Welcome to our website! We hope to inspire you to join PennTASH and advocate for people with disabilities.

As a longtime self-advocate, and the first with a cognitive disability to be elected president of a TASH chapter, I have witnessed firsthand how far our nation has come in establishing rights for people with disabilities.

But wrongs still exist. Millions of children and adults are still living in institutions, still suffering from abuse, neglect and aversive practices, and still being denied their rightful place in our communities. We must end this.

When the foster care system failed me as a child, I was placed in an institution for seven years and in another for three more, robbing me of ten years of my childhood. It was like jail. School gave little refuge, keeping my classmates and me isolated from the other kids. Had there not been a group of courageous parents and advocates who inspired a group of remarkable attorneys, judges and legislators to fight against a horrible place called Pennhurst, I would have been transferred there at twenty-one. But because of Judge Raymond P. Broderick's court order to close Pennhurst, I was allowed to move to the community. There, as a young adult, I began a journey toward a life of freedom and contentment I had never known.

No matter what their stories may be, ALL children with disabilities should be welcome and fully included in our neighborhoods and schools. ALL adults with disabilities should be fully included and respected as citizens of our communities. It's time to put our energy into high gear and make this happen. TASH's mission is our best roadmap!
