Ms. Laigaie has a wide range of experience in health law focusing on physician contracting and transactional matters. Ms. Laigaie's practice concentrates on assisting physicians and their practices in all matters pertaining to payor contracting, payor issues and negotiations, including responding to audits, overpayment demands, and related payment matters. In addition, Ms. Laigaie has considerable expertise in areas involving general corporate and business matters, fraud and abuse and other regulatory matters, general employment matters, practice acquisitions and mergers, practice sales, compliance, and physician/hospital arrangements, including medical staff matters. Ms. Laigaie also works with several practices in the area of research and clinical trials.

Prior to joining Wade, Goldstein, Landau & Abruzzo, P.C., Ms. Laigaie served as in-house counsel to the University of Pennsylvania Health System, primarily assisting in all areas of managed care contracting, payor negotiations, physician networks, and disease management initiatives.

Ms. Laigaie is a frequent speaker for the American Academy of Ophthalmology covering topics such as audits and compliance, health reform, social media, regulatory matters, and contract negotiations. In addition, she has led lectures and seminars on health care law related issues for nationally-recognized organizations, including the Pennsylvania Bar Institute, the Hospital and Health System Association of Pennsylvania, and the University of Pennsylvania Health System.

Ms. Laigaie graduated from Temple University's Beasley School of Law with awards for participation on Temple Law School's trial team.
